“Tolkynneftegas” LLP

Hereby, the Ministry of Oil and Gas of RK (MOG) informs about early termination of the contract No.210 according to the Law of RK “On Subsoil and Subsoil Use” (Law) (the copy of the order is annexed).

Based on the article 72 of the Law, MOG, the subsoil area under the indicated contract was transferred in trust of OC “KazMunaiGas” JSC (KMG). According to paragraph 10 of the article 72 of the Law, facilities and equipment that ensure the continuity of technological process and industrial safety are to be transferred by the former subsoil user to the national company for temporary use and possession until the transfer of the property to new subsoil user. In case of absence of the former subsoil user or his evasion to transfer the property to the national company, the competent body acts as his agent of such property.

Considering the foregoing and until the clarification of the circumstances, in order to maintain a continuous technological process, we ask to fulfill the above indicated legislative norm within one day.

In case of failure to take measures indicated in the present letter within the established time period, such circumstance will be qualified as an evasion to transfer property, and as a result of such, MOG will be acting as the agent of such property according to paragraph 10 of the article 72 of the Law.

Responsible secretary
